

CRICKET PLAYER AUCTION

Auction Rules & Timings

1. Auction Timing

- **Auction Start Time: 8:15 PM**
- All captains must be present and ready before the auction begins.
- The auction will begin promptly at 8:15 PM.

2. Squad Selection

- Each captain will start with a budget of **Rs. 50**.
- Each captain must purchase **6 players** through the auction.
- The captain's own participation is separate; the auction budget is used to select the 6 additional players.
- The minimum player price is **Rs. 2**.
- A captain cannot purchase a player if doing so would leave insufficient budget to complete their remaining 6-player squad.

3. Reserve Budget Rule

To ensure that every captain can complete their squad, a captain must always reserve enough money to purchase all remaining players at the minimum price of Rs. 2 each.

$$\text{Maximum Bid} = \text{Current Budget} - (\text{Players Remaining} \times \text{Minimum Player Price})$$

4. How the Reserve Rule Works

If a captain still needs:

- **6 players:** Minimum reserve = $6 \times \text{Rs. 2} = \text{Rs. 12}$
- **5 players:** Minimum reserve = $5 \times \text{Rs. 2} = \text{Rs. 10}$
- **4 players:** Minimum reserve = $4 \times \text{Rs. 2} = \text{Rs. 8}$
- **3 players:** Minimum reserve = $3 \times \text{Rs. 2} = \text{Rs. 6}$
- **2 players:** Minimum reserve = $2 \times \text{Rs. 2} = \text{Rs. 4}$
- **1 player:** Minimum reserve = $1 \times \text{Rs. 2} = \text{Rs. 2}$

5. Example

Captain A	Rs. 50 starting budget
Players already purchased	2 players
Money already spent	Rs. 8 + Rs. 6 = Rs. 14
Current budget	Rs. 36
Players still needed	4
Minimum reserve	$4 \times \text{Rs. 2} = \text{Rs. 8}$

Maximum next bid	Rs. 36 – Rs. 8 = Rs. 28
------------------	-------------------------

Therefore, Captain A can bid a maximum of **Rs. 28** on the next player. This prevents a captain from spending too much of the budget early and being unable to complete the squad.

6. Auction Procedure

- The auctioneer will announce the player available for bidding.
- Captains will place their bids according to the auctioneer's instructions.
- The highest valid bid will win the player.
- The winning amount will be deducted from the captain's remaining budget.
- The reserve budget rule will apply after every successful purchase.
- Once a captain has selected all **6 players**, they may no longer participate in further bidding.

7. Important Rule

A captain may not place a bid that would leave them with less than **Rs. 2 for each player still required**. All bids must remain within the captain's available budget and reserve requirement.

Auction Start: 8:15 PM | Starting Budget: Rs. 50 | Players to Select: 6 | Minimum Price: Rs. 2
